## Producer

Winner of an Oscar for producing the global smash hit film 'The King's Speech', Gareth's road to success started with ten years as an AD and production manager on music promos, documentaries and tv drama. Along the way, he AD'd on the Oscar-winning short 'Peter and the Wolf' in 2006 and three years later, moved up to the producer's chair for the BAFTA- and BIFA-nominated 'Exam' in 2009. Meanwhile, 'The King's Speech' went on to win four Oscars and fifty-six other awards worldwide, has taken close to \$500 million at the box office globally, and was THE film sensation of 2010. Gareth works out of his own production company - Bedlam Productions – and has a variety of projects in development.
