

HAUKE RICHTER*Art Director / Production Designer*

With an early formal training in design, Hauke studied Production Design at the London Film School. From there, he first worked under Oscar-winning designers John Box and Roy Walker, and his resume has been built up with some very assured work in the art department on pictures such as Polanski's 'The Pianist' (as senior set designer), 'Colour Me Kubrick' and 'Mrs Henderson Presents'. His work also includes television drama, music videos and commercials.
