SIAN RICHARDS

Makeup Designer

British-born daughter of make-up designer Hubert Richards, Sian was on her first set aged two, and knew she wanted to be a makeup artist by the time she was six years old. After studying Fine Art and Photography and later makeup and hairdressing, Sian's first job was on Granada TV's award-winning 'Prime Suspect'. Since then she has worked in all areas of production, from film and drama, to fashion and advertising. Her experience covers contemporary as well as period films, and includes body painting, airbrushing and prosthetics. She now has ten feature films as designer under her belt, is based in Los Angeles - though retains her UK citizenship - and is available for work worldwide.
