Viks Patel is a director's delight. Talented and experienced beyond his years, Viks was trained by legendary editors such as David Freeman, Howard Smith and Donn Cambern. After gaining honors and an MFA at American Film Institute, his work on Alexandra Kerry's 'The Last Full Measure' (premiered at Cannes) and 'Back Home' (the first and only film about Rwanda made by a survivor of the 1994 genocide) have enjoyed attention and acclaim on the festival circuit. More recently his work on 'Top Chef' has garnered Patel an Emmy Award for best editing. Viks has experience on features, comedy and network dramas including 'Terminator, The Sarah Connor Chronicles.' He's great with people and thrives on bringing out the filmmaker's vision through creative editing. Viks is available for editing assignments worldwide
